Week-1

WEEK-1

🌟 1. Overview (Ye topic kya hai & kyu important hai)

Is PDF ka main topic hai:
👉 **Teamwork (Team me kaam karna)**

🔹 Simple meaning:

Teamwork = jab log milke ek common goal (same objective) ke liye kaam karte hain.

🔹 Kyu important hai?

Aaj kal:

- Company me projects team me hote hain
- College me group assignments hote hain
- Real life me bhi family, business sab teamwork se chalte hain

Ashish Maurya

👉 Isliye teamwork samajhna **career + life dono ke liye important hai**

📌 PDF ka content mainly cover karta hai:

- Teamwork kya hota hai
- Teamwork kyu important hai
- Teamwork me problems kya hoti hain
- Teamwork ko strong banane ke 10 rules (10 C's)

📄 (Ye sab structure tumhare PDF ke page 2 me clearly diya hai)

🔁 Recap:

- Teamwork = log milke kaam karte hain
- Real life & job me bahut important
- PDF me 4 main parts cover hain

🤝 2. What is Teamwork? (Teamwork kya hota hai)

PDF me ek acronym diya hai:

👉 **TEAM = Together Everyone Achieves More**

🔹 Simple breakdown:

- Together = saath me
- Everyone = sab log
- Achieves = achieve karte hain
- More = zyada result

👉 Matlab:
Akele se zyada kaam team milke kar sakti hai

🔹 Real-life example:

Ashish Maurya

👉 Cricket team:

- Ek player match nahi jeeta sakta
- Bowling, batting, fielding sab milke jeette hain

👉 College project:

- Ek banda coding kare
- Dusra PPT banaye
- Teesra presentation de

👉 Result = better output

🔁 Recap:

- TEAM = Together Everyone Achieves More
- Teamwork = milke kaam karna
- Group effort → better result

🚀 3. Why Teamwork is Important?

PDF (page 4) me reasons diye gaye hain

Chalo simple language me samjhte hain:

🔹 1. Competitive advantage

👉 Team strong → company dusron se better

📌 Example:
Amazon ki team strong → market me top

🔹 2. Time & cost save hota hai

👉 Work divide hota hai → fast completion

📌 Example:
1 banda = 10 din
5 bande = 2 din

Ashish Maurya

🔹 3. Skill gaps cover hote hain

👉 Har kisi ki skill alag hoti hai

📌 Example:

- Tum coding me weak
- Friend coding strong
  → Problem solve ho gaya

🔹 4. Productivity badhti hai

👉 Output zyada milta hai

🔹 5. Creativity & innovation

👉 Different ideas → better solutions

🔹 6. Morale (confidence) badhta hai

👉 Team support karti hai

🔹 7. Learning hoti hai

👉 Ek dusre se seekhte hain

🔹 8. Synergy (important term)

👉 Synergy = jab team ka output individual se zyada hota hai

Ashish Maurya

🔹 9. Work experience better hota hai

👉 Friendly environment

🔹 10. Goals balance hote hain

👉 Company + individual dono ka benefit

🔁 Recap:

- Teamwork se speed, quality, learning sab improve hota hai
- Different skills milke strong output dete hain
- Individual se better team

⚠️ 4. Common Challenges in Teamwork

PDF (page 5) me problems di gayi hain

🔹 1. Trust ki kami

👉 Log ek dusre pe bharosa nahi karte

📌 Example:
“Ye banda kaam nahi karega” → conflict

🔹 2. Conflict & tension

👉 Arguments ho jate hain

🔹 3. Comparison & competition

Ashish Maurya

👉 Team ke andar hi competition

🔹 4. Transparency ki kami

👉 Clear information nahi hoti

🔹 5. Long-term thinking nahi

👉 Sirf short-term kaam

🔹 6. Working in silos (important term)

👉 Silos = log alag-alag kaam kar rahe, connect nahi

📌 Example:
Coding team ko design team ka idea nahi

🔹 7. Direction ki kami

👉 Kya karna hai clear nahi

🔹 8. Common goals nahi

👉 Har banda alag direction me

🔹 9. Weakest link manage nahi karna

👉 Weak member ko ignore karna

🔁 Recap:

- Trust, communication aur goals ki problem hoti hai
- Agar coordination nahi ho → team fail
- Weak member ko ignore karna galti hai

Ashish Maurya

🔟 5. The 10 C's of Teamwork (Most Important Part)

PDF (page 7)

Ye 10 rules hain jo teamwork ko strong banate hain:

---

1. Clarity (Clear hona)

👉 Sab clear hona chahiye:

- Goal kya hai

- Role kya hai

📌 Example:
Teacher clearly bataye → kaun PPT banayega, kaun बोलेगा

---

2. Commitment (Dedication)

👉 Apna kaam seriously lena

📌 Example:
Deadline se pehle kaam complete karna

---

3. Communication (Baatchit)

👉 Open discussion

📌 Example:
Group WhatsApp me updates

Ashish Maurya

---

4. Competence (Skill)

👉 Team me skills honi chahiye

📌 Example:
Coder + designer + presenter

---

5. Collaboration (Milke kaam)

👉 Ideas share karna

---

6. Coordination (Sync me kaam)

👉 Sab ek direction me kaam kare

---

7. Connection (Bonding)

👉 Trust + relationship

📌 Example:
Team outing, friendly talks

---

8. Conflict Resolution

👉 Problems ko solve karna

---

9. Change Management

👉 Change ko accept karna

📌 Example:
Client bole change karo → team adjust kare

Ashish Maurya

---

10. Continuous Improvement

👉 Har baar better hona

🔁 **Recap:**

- 10 C = teamwork ke golden rules
- Clarity + Communication + Coordination sabse important
- Team strong banane ka framework

📌 6. Example (PDF se - NASCAR)

PDF me ek example diya hai (page 12)

🔹 Situation:

NASCAR race me pit crew (team)

🔹 Kya karte hain:

- Ek tyre change karta
- Ek fuel dalta
- Ek check karta

👉 Sabka role fixed

👉 Sab fast kaam karte hain

👉 Ek mistake = race lose

🔹 Learning:

👉 Perfect teamwork = success

Ashish Maurya

🔁 Recap:

- Clear roles + speed + coordination = success
- Team me har member important

🧠 Final Summary (Short & Simple)

👉 Teamwork = milke kaam karna
👉 Alone < Team

Key Points:

- Teamwork productivity badhata hai
- Problems: trust, communication, goals
- Solution: 10 C's follow karo

Golden line:

👉 **“Strong team = strong result”**

Test Yourself

Ashish Maurya

Week-2

WEEK-2

🌟 1. OVERVIEW (Ye topic kya hai + kyun important hai)

👉 **Communication kya hota hai?**
Simple language me:

> **Information ya idea ek person se dusre person tak sahi tareeke se pahunchana = Communication**

👉 **Listening kya hai?**

> Sirf sunna nahi, balki samajhna = Listening

💡 **Kyun important hai?**

- Teamwork me sab kuch communication pe depend karta hai
- Galat communication = mistakes, fights, confusion
- Sahi communication = success, clarity, growth

Ankit Maurya

🔁 **Recap:**

- Communication = Message bhejna
- Listening = Message samajhna
- Dono saath me hi kaam karte hain

🧩 2. TYPES OF COMMUNICATION (Communication ke types)

(Page 3 me diagram diya hai)

🔹 1. Inner vs Outer Communication

✔ Inner (andar ka communication)

- Jo tum khud se baat karte ho
- Thinking, imagination, feelings

👉 Example:
“Yeh answer sahi hai ya nahi?” → Inner communication

✔ Outer (bahar ka communication)

- Jo tum dusron ko bolte ho ya dikhate ho

👉 Example:
Teacher ko answer bolna

🔁 Recap:

Achish Maurya

- Inner = dimaag ke andar
- Outer = dusron ke saath

🔹 2. Personal vs Social

✔ Personal

- Family, friends, close log

👉 Example:
Friend se casual baat

✔ Social/Professional

- Office, college, society

👉 Example:
Boss se baat

🔁 **Recap:**

- Personal = close circle
- Social = public/work

🔹 3. Verbal vs Non-verbal

✔ Verbal (words use hote hain)

- Bolna

👉 Example: “Hello G*ndu”

✔ Non-verbal (body language)

- Gestures, expressions

👉 Example: Smile 😊, middle finger signal

Ashish Maurya

🔁 **Recap:**

- Verbal = words
- Non-verbal = body

🔹 4. Written vs Oral

✔ Written

- Email, reports

👉 Example: WhatsApp message

✔ Oral

- Bol kar

👉 Example: phone call

🔁 **Recap:**

- Written = likha hua
- Oral = bola hua

🔹 5. Internal vs External

✔ Internal

- Organization ke andar

👉 Example: Team meeting

✔ External

- Bahar ke log

Ashish Maurya

👉 Example: client se baat

🔁 **Recap:**

- Internal = andar
- External = bahar

🔹 6. Vertical vs Horizontal

✔ Vertical

- Boss ↕ Employee

✔ Horizontal

- Same level ke log

👉 Example: Team members

🔁 **Recap:**

- Vertical = hierarchy
- Horizontal = same level

🔹 7. Formal vs Informal

✔ Formal

- Official

👉 Example: meeting, report

✔ Informal

- Casual

Ashish Maurya

👉 Example: chai pe baat

🔁 **Recap:**

- Formal = official
- Informal = casual

🚧 3. BARRIERS TO COMMUNICATION (Problems jo communication rok deti hain)

(Page 4–10)

🔴 1. Psychological Barriers

👉 Meaning:
Dimaag ke andar ki problems

Examples:

- Overthinking (inner chatter)
- Bias (pehle se opinion)
- Fear, anger

👉 Real life:
Tum kisi se already dislike karte ho → uski baat ignore karoge

---

🔁 Recap:

- Mind problems → communication fail

Ashish Maurya

🔴 2. Language Barriers

👉 Meaning:
Language samajh nahi aati

Examples:

- Different language
- Complex words
- Technical jargon

👉 Example:
Teacher ne tough English use ki → student confuse

🔁 Recap:

- Language mismatch = misunderstanding

🔴 3. Cultural Barriers

👉 Meaning:
Culture differences

Example:

- India me “Namaste” 👍
- Dusri country me weird lag sakta hai

🔁 Recap:

- Same gesture → different meaning

🔴 4. Organizational Barriers

👉 Meaning:
Company structure ki problem

Ashish Maurya

Examples:

- Too many hierarchy
- Wrong communication channels

👉 Example:
Employee directly boss se baat nahi kar pata

🔁 Recap:

- Structure issue → info distort

🔴 5. Physical Barriers

👉 Meaning:
Environment ki problem

Examples:

- Noise
- Distance
- Poor internet

👉 Example:
Online class me network issue

🔁 **Recap:**

- Environment bhi affect karta hai

🧠 4. 10 C's of Communication (Sabse IMPORTANT 🔥)

Ashish Maurya

(Page 11 onward)

👉 Ye rules follow karo → communication perfect ho jayega

⭐ 1. CLEAR (Clarity)

👉 Simple aur clear message

❌ "We considered consequences…"
✅ "We updated policies"

👉 Example:
"Kal meeting hai" ❌
"Kal 2 PM meeting hai" ✅

🔁 **Recap:**

- Simple + clear

⭐ 2. CONCISE (Short)

👉 Short aur to-the-point

❌ Long paragraph
✅ Bullet points

🔁 Recap:

- Short = better

⭐ 3. CONCRETE

👉 Specific data use karo

❌ “Sales kam hai”
✅ “Sales 40% hai”

Ashish Maurya

🔁 Recap:

- Facts use karo

⭐ 4. CORRECT

👉 Grammar + data correct

🔁 Recap:

- No mistakes

⭐ 5. COMPLETE

👉 Full information do

❌ “Meeting tomorrow”
✅ “Meeting 2 PM, Zoom link…”

🔁 **Recap:**

- Complete info

⭐ 6. CONSISTENT

👉 Same message baar-baar change na ho

🔁 **Recap:**

Ashish Maurya

- Consistency = trust

⭐ 7. CONFIDENT

👉 Confidence ke saath bolo

🔁 **Recap:**

- Hesitation nahi

⭐ 8. CREATIVE

👉 Interesting banaye

🔁 **Recap:**

- Boring mat bano

⭐ 9. COURTEOUS

👉 Polite raho

🔁 **Recap:**

- Respect = important

⭐ 10. CONSIDERATE

Achish Maurya

👉 Dusre ke point of view se socho

🔁 **Recap:**

- Empathy zaruri hai

🎯 FINAL SUMMARY (Exam ke liye short notes)

👉 Communication = Message transfer
👉 Listening = Samajhna

👉 Types:

- Inner/Outer
- Verbal/Non-verbal

- Formal/Informal etc.

👉 Barriers:

- Psychological
- Language
- Cultural
- Organizational
- Physical

👉 10 C's:
Clear, Concise, Concrete, Correct, Complete, Consistent, Confident, Creative, Courteous, Considerate

Test yourself

Ashish Maurya

Week-3

WEEK-3

🌟 1. OVERVIEW (Ye topic kya hai + kyun important hai)

👉 Week-3 ka main focus hai:

- **Presentation Skills** (kaise bolna hai audience ke saamne)
- **Professional Communication** (kaise behave karna hai)
- **Writing Skills** (kaise likhna hai professional way me)

💡 Simple language:

> Tum jo bolte ho + kaise bolte ho + kaise likhte ho = tumhari professional image

---

🎯 Kyun important hai?

Ashish Maurya

- Job me tumhe **present karna padega**
- Manager ko report deni hogi
- Email likhne padenge
- Client ko impress karna hoga

🔁 Recap:

- Bolna + likhna = career growth
- Presentation = sirf slides nahi, communication bhi

🧩 2. WHY COMMUNICATION IN PROFESSIONAL SETTING?

(📄 Page 4, File 1)

👉 Tum communicate kyun karte ho?

- Share your ideas
- Credit lena (apna kaam dikhana)
- Problems batana
- Feedback dena

💡 Real-life Example:

Tumne project me kaam kiya but kuch bola hi nahi →
👉 Credit kisi aur ko mil gaya 😶

🔁 Recap:

- Communication = visibility
- Jo bolta hai wahi dikhta hai

Ashish Maurya

🧩 3. WHOM TO COMMUNICATE? (Bahut important trap 🔥)

(📄 Page 5)

👉 Har kisi ko message bhejna galat hai ❌

👉 Correct approach:

- Identify correct person
- Random logon ko spam mat karo

💡 Example:

Chair toot gayi →
❌ CEO ko mail
✅ Maintenance team ko mail

🔁 Recap:

- Right message + right person = effective communication

🧩 4. TONE OF COMMUNICATION (Sabse important 🔥)

(📄 Page 6–7)

👉 Tone = tum kis tarah se baat karte ho

❌ Wrong tone:

“Aa gya Gandu”

Ashish Maurya

✅ Correct tone:

“Welcome, please sit”

💡 Real-life:

Same baat 2 tarah se bol sakte ho:

- Rude → conflict
- Polite → respect

🔁 Recap:

- Tone matter karta hai
- Polite language = professionalism

🧩 5. LENGTH OF COMMUNICATION

(📄 Page 8)

👉 Rule:

Short + clear = best

❌ Wrong:

Long paragraph (time waste)

✅ Correct:

“To the point message”

💡 Example:

Ashish Maurya

❌ 10 line explanation
✅ “I missed deadline due to official work, please guide for late registration”

🔁 Recap:

- Short ≠ incomplete
- Efficient communication

🧩 6. EMAIL WRITING (VERY IMPORTANT 🔥)

(📄 Page 9–11)

📌 Rules:

1. Correct recipient choose karo

2. Formal language use karo

3. Emojis ❌

4. Proper structure:

👉 Format:

- Greeting
- Problem
- Request
- Closing

💡 Example:

Dear ISI,
I am unable to bomb the Exam centre.
Sorry for the inconvenience caused.

Regards
Major Iqbaal

Ashish Maurya

🔁 Recap:

- Email = formal document
- Structure zaruri hai

🧩 7. COMMUNICATION WITH DIFFERENT PEOPLE

(📄 Page 12–14)

👔 Manager ke saath:

- Clear report do
- Future plan batao
- Personal gossip ❌

👥 Team ke saath:

- Clear expectations
- Deadlines fix karo
- Angry message ❌

👤 Customer ke saath:

- Polite raho
- Argument mat karo

Ashish Maurya

🔁 Recap:

- Har audience ke liye tone change hota hai

🧩 8. PRESENTATION SKILLS (Core Part 🔥)

(📄 File 2)

🎯 Presentation kya hai?

Audience ke saamne idea explain karna

📌 Professional Presentation Setting:

(📄 Page 5–6)

- Serious activity
- Tum evaluate ho rahe ho
- Idea convey karna hai
- Audience specific hoti hai

💡 Example:

Class presentation ≠ office presentation

🔁 Recap:

- Presentation = evaluation
- Audience important

Ashish Maurya

🧩 9. CONSTRAINTS (Restrictions)

(📄 Page 8–10)

---

2 Main constraints:

1. Audience

- Senior / junior
- Knowledge level

2. Time (VERY IMPORTANT 🔥)

- Time limit follow karo

💡 Example:

- Boss ke saamne → short + direct
- Students ke saamne → detailed

🔁 Recap:

- Audience + Time = decide everything

🧩 10. CONNECTING WITH AUDIENCE

(📄 Page 12–13)

Ashish Maurya

Techniques:

- Summary repeat karo
- Facts vs opinions clear rakho
- Pause do (thinking time)
- Simple format use karo
- Over-animation ❌

💡 Example:

Slide me graph hai → explain karo
"Yeh graph kya dikhata hai"

🔁 Recap:

- Audience ko samajhna = success

🧩 11. ILLUSTRATIONS (Examples/Visuals)

👉 Meaning:

- Graphs, diagrams, examples use karna

💡 Example:

Data explain karne ke liye chart use karo

🔁 Recap:

- Visuals = better understanding

Ashish Maurya

🧩 12. WRITING SKILLS (File 3)

🎯 Why important?

(📄 Page 3)

- Credit milta hai
- Policy influence hoti hai

💡 Example:

Tumne report likhi → boss decision le raha hai

🔁 Recap:

- Writing = power

❗ Why difficult?

(📄 Page 4)

- Background difference
- Expectations nahi pata
- Poor examples

✅ Improvement kaise kare?

(📄 Page 5)

- Structure samjho
- Purpose samjho

Ashish Maurya

🔁 Recap:

- Writing seekhna = practice + structure

🎯 FINAL SUMMARY (Exam ke liye 🔥)

👉 Communication:

- Tone polite
- Length short
- Right person

👉 Email:

- Formal + structured

👉 Presentation:

- Audience + Time important
- Clear explanation

👉 Writing:

- Structured
- Purpose-driven

🧠 ULTRA SHORT REVISION

- Tone > Content
- Audience > Slides
- Clarity > Length
- Structure > Random writing

🔰 1. Overview (Ye topic kya hai & kyu important hai?)

Ashish Maurya

Ye PDF basically sikhata hai:
👉 **Professional presentation kaise banate hain aur deliver karte hain**

Matlab:

- Tum presentation sirf slides dikhane ke liye nahi banate
- Balki **logon ko samjhana + convince karna + decision dilwana** hota hai

📌 Real life use:

- College presentation
- Job interview
- Office meeting
- Startup pitch

👉 Agar tum achha present karte ho = tumhari value automatically badh jaati hai

---

🔁 Recap:

- Presentation = communication tool

- Goal = samjhana + impress karna + decision lena

🧩 2. Professional Presentation – Setting

📄 (Page 5–6 ke content se)

🟢 Simple Meaning:

Setting = kis situation me tum presentation de rahe ho

🔹 Important Points:

1. “Serious activity”

👉 Ye timepass nahi hai

Example:

- Teacher ke saamne presentation ≠ dosto ke saamne bakchodi

Ashish Maurya

---

2. “You are being evaluated”

👉 Log tumhe judge kar rahe hote hain

Example:

- Viva me sir tumhare content + confidence dono dekhte hain

---

3. “Reporting a status”

👉 Tum progress bata rahe ho

Example:

- “Project 60% complete hai”

---

4. “Conveying an idea”

👉 Tum kisi ko convince kar rahe ho

Example:

- “AI use karna chahiye business me”

---

5. Repeatable event

👉 Same presentation multiple jagah use ho sakta hai

---

6. Interactive

👉 Sirf bolna nahi → audience se interaction

Ashish Maurya

7. Specific audience

👉 Har baar audience alag hoti hai

Example:

- Students vs Managers → tone change hoga

🔁 Recap:

- Presentation serious hota hai
- Tum judge ho rahe ho
- Audience ke hisaab se change karna padta hai

⚠️ 3. Constraints (Sabse IMPORTANT trap area)

📄 (Page 8–10)

🟢 Meaning:

Constraints = limitations (restrictions)

🔹 1. Audience

👉 Tum kis type ke logon ko present kar rahe ho?

2 factors:

- **Seniority** (junior ya senior)
- **Purpose** (kyu sun rahe hain)

Ashish Maurya

Example:

Situation	Approach
Students	simple language
CEO	direct + concise

🔹 2. Duration (TIME 🔥)

👉 Kitna time mila hai

📌 MOST IMPORTANT POINT

Example:

- 5 min → sirf main points
- 30 min → detailed explanation

👉 Same content ≠ same presentation

🔁 **Recap:**

- Audience + Time = sab decide karta hai
- Agar ignore kiya → presentation fail

🤝 4. Connecting with Your Audience

📄 (Page 12–13)

🟢 Meaning:

Audience ko engage karna + samjhana

Ashish Maurya

🔹 Key Techniques:

1. Repeat summary

👉 Pichli baat ya slide ka recap do

Example:

- "Ab tak humne ye 3 points dekhe…"

---

2. Separate facts vs opinions

👉 FACT = sach
👉 OPINION = tumhara view

Example:

- Fact: “Sales 20% badhi”
- Opinion: “Ye strategy best hai”

---

3. Pause (bahut powerful 🔥)

👉 Bol ke rukna

Why?

- Audience soch sake
- Decision le sake

---

4. Use familiar formats

👉 Simple charts, tables use karo

---

5. Explain visuals

Ashish Maurya

👉 Sirf graph dikhana ≠ explain karna

Example:
❌ “Ye graph hai”
✅ “Blue line growth show kar rahi hai”

---

6. Avoid special effects

👉 Extra animation = distraction

🔁 Recap:

- Audience ko samjhana hai, impress nahi
- Pause + clarity = power

❌ 5. BIG MISTAKE: Reading from Slide

📄 (Page 14)

❌ Galat kya hai?

👉 Slide me jo likha hai wahi padhna

🟢 Problem:

- Audience khud padh sakti hai
- Tum useless lagte ho
- Boring ho jata hai

✅ Sahi approach:

Ashish Maurya

👉 Slide = keywords
👉 Tum = explanation

Example:

Slide:

- “Short term goals”

Tum bolo:
👉 “Short term goals ka matlab hai immediate objectives…”

🔁 Recap:

- Slide mat padho
- Explain karo

🎨 6. Illustrations (Visuals ka use)

📄 (Page 17–18)

🟢 Meaning:

Data ko visual form me dikhana

🔹 Types:

- Tables
- Graphs
- Photos
- Drawings
- Schematics

🟢 Important Rule:

Ashish Maurya

👉 “Right type choose karo”

Example:

Data type	Best visual
Numbers compare	Bar graph
Trend	Line graph
Structure	Diagram

🔁 Recap:

- Visuals helpful hote hain
- Galat visual = confusion

🧾 FINAL SUMMARY (1 min revision)

👉 Presentation = serious communication
👉 Audience + Time = sabse important
👉 Slide mat padho, explain karo
👉 Audience se connect karo
👉 Simple visuals use karo

Test Yourself

Ashish Maurya

Week-4

WEEK- 4

🌟 1. OVERVIEW (Leadership kya hai + kyu important hai)

👉 **Leadership kya hota hai?**
Simple language me:

> **Logon ko guide karna, motivate karna aur goal achieve karwana = Leadership**

🎯 Kyu important hai?

- Team ko direction dene ke liye
- Decision lene ke liye
- Problems solve karne ke liye
- Logon se kaam karwane ke liye

Ashish Maurya

💡 Real-life example:

👉 Cricket captain:

- Strategy decide karta hai
- Players ko motivate karta hai
- Match jeetne ki responsibility leta hai

👉 Office me:

- Manager = leader
- Team ko guide karta hai

🔁 Recap:

- Leadership = logon ko lead karna
- Sirf boss banna nahi, guide karna hota hai

🧩 2. Leader vs Manager (Important concept 🔥)

👉 Bahut log confuse hote hain

🟢 Manager:

- Kaam assign karta hai
- Rules follow karwata hai
- Process maintain karta hai

👉 Example:
“Ye kaam kal tak complete karo”

🟢 Leader:

Ashish Maurya

- Inspire karta hai
- Vision deta hai
- Logon ko motivate karta hai

👉 Example:
“Hum is project ko best banayenge, tum kar sakte ho”

🔥 Key Difference:

Manager	Leader
Control karta hai	Inspire karta hai
Process focus	People focus
Authority se kaam	Trust se kaam

🔁 Recap:

- Manager = task control
- Leader = people inspire

🧩 3. Qualities of a Good Leader

🔹 1. Vision (Future dekhna)

👉 Vision = future ka clear idea

💡 Example:
Startup founder → future plan batata hai

🔹 2. Communication

Ashish Maurya

👉 Clear baat karna

💡 Example:
Team ko clear instructions dena

🔹 3. Decision-making

👉 Fast aur correct decision lena

💡 Example:
Emergency me quick action

🔹 4. Integrity (Honesty)

👉 Sach bolna + trust banana

🔹 5. Empathy (dusron ko samajhna)

👉 Team ke emotions samajhna

💡 Example:
Team member stress me hai → support dena

🔁 **Recap:**

- Leader = vision + communication + trust
- Logon ko samajhna zaruri hai

🧩 4. Leadership Styles (VERY IMPORTANT 🔥)

Ashish Maurya

🟢 1. Autocratic (Dictator style)

👉 Leader sab decision khud leta hai

📌 Example:
"Jo main bolu wahi hoga"

✔ **Pros:**

- Fast decision

❌ **Cons:**

- Team unhappy

🟢 2. Democratic (Team involvement)

👉 Sabka opinion liya jata hai

📌 Example:
“Tum log kya suggest karte ho?”

✔ Pros:

- Better ideas

❌ Cons:

- Slow decision

🟢 3. Laissez-faire (Free style)

👉 Leader interfere nahi karta

📌 Example:
“Tum log khud manage karo”

Ashish Maurya

✔ Pros:

- Creativity

❌ Cons:

- Lack of direction

🔁 Recap:

- Autocratic = control
- Democratic = discussion
- Laissez-faire = freedom

🧩 5. Leadership in Teamwork

👉 Leader ka role kya hota hai?

🔹 1. Direction dena

👉 Team ko batana kya karna hai

🔹 2. Motivation

👉 Team ko energize karna

🔹 3. Conflict solve karna

👉 Ladai solve karna

Ashish Maurya

🔹 4. Coordination

👉 Sabko sync me rakhna

💡 Example:

Team project me 2 log fight kar rahe
👉 Leader unko samjha ke solve karta hai

🔁 Recap:

- Leader = guide + problem solver

🧩 6. Decision Making in Leadership

🟢 Meaning:

👉 Leader ko decide karna hota hai kya sahi hai

🔹 Types:

1. Individual decision

👉 Leader khud decide kare

2. Group decision

👉 Team ke saath milke

Ashish Maurya

💡 Example:

- Emergency → individual
- Strategy → group

🔁 Recap:

- Situation ke hisaab se decision type change hota hai

🧩 7. Challenges in Leadership

🔹 Common problems:

- Team conflict
- Lack of trust
- Poor communication
- Wrong decisions

💡 Example:

Leader partiality kare → team trust lose

🔁 Recap:

- Leadership easy nahi hai
- Balance maintain karna padta hai

🎯 FINAL SUMMARY (Exam ke liye 🔥)

Ashish Maurya

👉 Leadership = logon ko guide + inspire karna
👉 Manager ≠ Leader
👉 3 styles:

- Autocratic
- Democratic
- Laissez-faire

👉 Good leader:

- Vision + communication + empathy

👉 Role:

- Direction + motivation + conflict solving

⚡ ULTRA SHORT REVISION

- Leader inspire karta hai

- Style situation pe depend karta hai
- Trust = sabse important

Test yourself

Ashish Maurya

WEEK-5

WEEK-5

📘 Topic: Emotional Intelligence & Conflict Management

(From your PDF)

🧠 1. OVERVIEW (Ye topic kya hai aur kyu important hai?)

👉 Emotional Intelligence (EI) kya hota hai?

Ashish Maurya

Simple words me:

> **Apni aur dusron ki emotions ko samajhna aur control karna = Emotional Intelligence**

👉 Conflict Management kya hota hai?

> Jab logon ke beech disagreement (ladai / difference of opinion) hota hai, use smart tareeke se handle karna.

💡 Kyu important hai?

- Life me har jagah conflicts hote hain (ghar, college, office)
- Agar emotions control nahi kiye → fights, stress, bad decisions
- Agar control kar liye → better relationships + success

📌 Real-life example:

- Teacher ne daant diya
  ❌ Low EI: gussa, argue, rude reply
  ✅ High EI: samjho, calmly respond karo, improve karo

🔁 Recap:

- EI = emotions samajhna + control karna
- Conflict management = fights ko smartly handle karna
- Dono life success ke liye essential hain

🔶 2. MAIN CONCEPT: 6R FRAMEWORK

(PDF page 2–4 me diya hai)

Ye ek **step-by-step system** hai emotions handle karne ke liye:

6R =

Ashish Maurya

1. Recognize
2. Respect
3. Rationalize
4. Release
5. Response-able
6. Resilient

Recognize (रिकग्नाइज़) → पहचानना
👉 किसी स्थिति, भावना या समस्या को समझना और पहचानना।

Respect (रिस्पेक्ट) → सम्मान करना
👉 अपनी और दूसरों की भावनाओं/विचारों का आदर करना।

Rationalize (रैशनलाइज़) → तार्किक ढंग से समझना
👉 चीजों को सोच-समझकर, तर्क के साथ समझाना या विश्लेषण करना।

Release (रिलीज़) → छोड़ देना / मुक्त करना
👉 नकारात्मक भावनाओं या तनाव को बाहर निकालना।

Response-able (रिस्पॉन्स-एबल) → जिम्मेदारी से प्रतिक्रिया देना
👉 सोच-समझकर सही प्रतिक्रिया देना (react नहीं, respond करना)।

Resilient (रेज़िलिएंट) → मजबूत बनना
👉 मुश्किल परिस्थितियों से उबरने की क्षमता रखना।

🟢 2.1 RECOGNIZE (Pehchaan karo)

👉 Meaning:

Apne emotion ko identify karna

📌 Kaise?

- Main kya feel kar raha hoon?
- Body me kya ho raha hai? (heart fast, tension, etc.)
- Energy high hai ya low?

(PDF page 5 me questions diye hain)

💡 Example:

Ashish Maurya

- Exam fail →
  ❌ Bas sad ho jana
  ✅ Identify: “Mujhe disappointment aur fear ho raha hai”

🔁 Recap:

- Emotion ko pehchano
- Body + thoughts observe karo

🟢 2.2 RESPECT (Emotion ko accept karo)

👉 Meaning:

Apne emotions ko judge mat karo

📌 Important line:

“There are no good or bad emotions”

💡 Example:

- Gussa aaya
  ❌ “Mujhe gussa nahi aana chahiye”
  ✅ “Mujhe gussa aa raha hai — it's okay”

🔁 Recap:

- Har emotion valid hai
- Accept karo, ignore mat karo

🟢 2.3 RATIONALIZE (Soch samajh ke analyse karo)

👉 Meaning:

Emotion ke peeche reason samajhna

Ashish Maurya

📌 Questions (PDF page 7):

- Ye emotion kyu aa raha hai?
- Worst kya ho sakta hai?
- Kya meri soch sach me correct hai?

💡 Example:

- Friend reply nahi kar raha
  ❌ “Wo ignore kar raha hai”
  ✅ “Ho sakta hai busy ho”

🔁 Recap:

- Thoughts check karo

- Reality vs assumption samjho

Point	Recognize	Rationalize
Step	1st step	Next step
Focus	What am I feeling?	Why am I feeling this?
Action	Identify	Analyse
Thinking level	Basic awareness	Deep thinking
Example	"I am angry"	"Why am I angry?"

🟢 2.4 RELEASE (Emotion ko chhodo)

👉 Meaning:

Ashish Maurya

Emotion ko andar daba ke mat rakho

(PDF page 8: suppression = baggage)

💡 Example:

- Stress hai →
  ❌ Sab andar rakhna
  ✅ Talk karo, write karo, exercise karo

🔁 Recap:

- Emotions ko release karo
- Nahi to stress ban jaata hai

🟢 2.5 RESPONSE-ABLE (Reaction nahi, response do)

👉 Meaning:

Soch ke react karo

📌 Important concept:

Amygdala Hijack (PDF page 9)
👉 Jab brain bina soche instant react karta hai (fight / flight)

💡 Example:

- Kisi ne insult kiya
  ❌ Turant gussa (reaction)
  ✅ Pause → calmly jawab (response)

Ashish Maurya

🔁 Recap:

- React mat karo
- Soch ke respond karo

🟢 2.6 RESILIENT (Strong bano)

👉 Meaning:

Emotional strength develop karna

📌 PDF page 10:

- Self-awareness badhao
- Khud pe harsh mat ho
- Experience se seekho

💡 Example:

- Failure →
  ❌ Give up
  ✅ Learn + improve

🔁 Recap:

- Strong mindset develop karo
- Har situation se seekho

🧠 3. EMOTIONAL INTELLIGENCE COMPONENTS

Ashish Maurya

(PDF page 12 diagram)

5 parts:

1. **Self-awareness** → apne emotions samajhna
2. **Self-regulation** → control karna
3. **Motivation** → khud ko push karna
4. **Empathy** → dusron ki feelings samajhna
5. **Social skills** → logon se deal karna

💡 Example:

- Friend sad hai
  → Empathy = uski feeling samajhna
  → Social skill = usse baat karna

🔁 Recap:

- EI = 5 skills ka combo
- Ye sab practice se improve hoti hain

⚔️ 4. CONFLICT MANAGEMENT

(PDF page 14 diagram)

👉 Conflict = disagreement

5 ways to handle:

1. **Competing** → jeetna hi goal
2. **Collaborating** → dono win
3. **Compromising** → thoda-thoda adjust
4. **Avoiding** → ignore
5. **Accommodating** → dusre ko maan lena

💡 Example:

Ashish Maurya

- Project topic pe fight:
  - Competing → “Mera hi chalega”
  - Collaborating → “Dono ideas combine karte hain”

🔁 Recap:

- Har situation me different strategy use hoti hai
- Best: collaboration

🧾 FINAL SUMMARY (Short)

- Emotional Intelligence = emotions samajhna + control karna
- 6R Framework = step-by-step emotional handling system
- Emotions ko:
  - Pehchano (Recognize)

    - Accept karo (Respect)
    - Samjho (Rationalize)
    - Chhodo (Release)
    - Control se respond karo
    - Strong bano (Resilient)
- Conflict ko smart tareeke se handle karo

🎯 Ek line me:

> “Emotion ko control karo, warna emotion tumhe control karega.”

Test Yourself

Ashish Maurya

WEEK- 6

WEEK- 6

🧠 1. OVERVIEW (Ye topic kya hai?)

🔹 Topic:

Cross-Cultural Understanding & Personal Grooming

👉 Simple meaning:

- **Culture** = log kaise sochte hain, behave karte hain, aur jeete hain
- **Cross-cultural understanding** = different cultures ko samajhna
- **Personal grooming** = apne aap ko present karna (appearance + behavior)

Ashish Maurya

🔥 Kyu important hai?

- Global world hai → alag-alag countries ke log milte hain
- Agar culture samajh nahi aaya → misunderstanding, conflict
- Agar samajh liya → better communication + success

💡 Example:

- India me “late aana” normal ho sakta hai
- Germany me same cheez → disrespect

🔁 Recap:

- Culture = beliefs + behavior
- Cross-cultural = different cultures ko samajhna
- Important for global life

🌍 2. WHAT IS CULTURE?

(PDF page 5–6)

👉 Definition:

Culture = shared beliefs, values, norms, practices

🔹 Simple breakdown:

- **Beliefs** = log kya sach maante hain
- **Values** = kya important hai
- **Norms** = rules (kaise behave karna hai)
- **Practices** = daily habits

💡 Example:

Ashish Maurya

- India: elders ko respect
- US: equality zyada important

🔥 Important point:

Hum culture ke saath born nahi hote, hum usme grow hote hain

🔁 Recap:

- Culture seekha jata hai
- Society ke through aata hai
- Har jagah different hota hai

🧊 3. ICEBERG PRINCIPLE

(PDF page 10 diagram)

👉 Meaning:

Culture iceberg jaisa hota hai

🔹 Visible (upar ka part):

- Language
- Food
- Dress

🔹 Hidden (neeche ka part):

- Values
- Thinking
- Attitudes
- Communication style

Ashish Maurya

💡 Example:

- Tum kisi ko dekh ke uska dress dekhte ho (visible)
- Par uska mindset nahi dekh pate (hidden)

🔁 Recap:

- Culture ka major part hidden hota hai
- Sirf surface dekh ke judge mat karo

⚠️ 4. STEREOTYPING

(PDF page 16)

👉 Meaning:

Logon ko generalize karna based on past experience

💡 Example:

- “Sab engineers introvert hote hain” ❌
- “Sab Delhi wale rude hote hain” ❌

🔥 Important:

- Stereotype natural hai
- Problem tab hoti hai jab:
  - tum new info accept nahi karte

🔁 Recap:

Ashish Maurya

- Stereotype = mental shortcut
- Useful bhi ho sakta hai, harmful bhi

⚠️ 5. ETHNOCENTRISM

(PDF page 17)

👉 Meaning:

Apni culture ko best samajhna

💡 Example:

- “Hamari culture sabse superior hai”

🔥 Reality:

Koi culture better ya worse nahi hota

🔁 Recap:

- Apni culture ko superior mat samjho
- Har culture equal hai

⚠️ 6. PAROCHIALISM

(PDF page 18)

👉 Meaning:

Ashish Maurya

Narrow thinking (sirf apni chhoti duniya tak sochna)

💡 Example:

- “Mere city ke bahar sab galat hai”

🔁 Recap:

- Narrow mindset = problem
- Open thinking zaruri hai

🌐 7. PRINCIPLES FOR DEALING WITH CULTURES

(PDF page 19)

🔹 Key points:

- Har person stereotype jaisa nahi hota
- Differences sirf culture ki wajah se nahi hote
- Pehle apni culture samjho
- Har cheez extreme nahi hoti (gradual differences)

💡 Example:

- Sab Americans same nahi hote

🔁 Recap:

Ashish Maurya

- Generalization avoid karo
- Open mind rakho

🌍 8. CROSS-CULTURAL INTELLIGENCE

(PDF page 20)

👉 Meaning:

Different cultures ko effectively handle karna

🔹 Skills:

- Apne aap ko samajhna

- Dusron ko samajhna
- Different views respect karna

💡 **Example:**

- Team me different countries ke log hain → adjust karna

🔁 **Recap:**

- Cultural intelligence = smart interaction
- Respect + understanding

🔄 9. CULTURAL DIFFERENCE STAGES

(PDF page 25–28)

Ashish Maurya

4 Stages:

1️⃣ Elation (Excitement)

👉 Sab naya → exciting

2️⃣ Transition (Frustration)

👉 Confusion, irritation

3️⃣ Understanding

👉 Dheere-dheere samajh aata hai

4️⃣ Integration

👉 Accept + adapt

💡 **Example:**

New country jaane par:

- Day 1: “Wow! BS degree”
- Week 2: “Bhai ye ky ho rha h yaha p”
- Month 1: “Samajh aa raha hai”
- Later: “I’m comfortable”

🔁 **Recap:**

- Start → excitement
- Middle → frustration
- End → adaptation

📊 10. DIMENSIONS OF CULTURE

🔹 1. Individual vs Collective (page 31–37)

Ashish Mehta

👉 **Individual:**

- Self-focused
- Own decisions

👉 **Collective:**

- Family/group focused
- Group decisions

💡 **Example:**

- India → collective
- USA → individual

🔁 **Recap:**

- Individual = “I”
- Collective = “We”

🔹 2. Equal vs Unequal (Authority)

(page 38–39)

👉 Meaning:

- Equal → sab equal
- Unequal → hierarchy (boss > employee)

💡 Example:

- India → respect hierarchy

🔁 Recap:

Ashish Maurya

- Authority perception different hota hai

🔹 3. Certainty vs Ambiguity (page 40–42)

👉 Meaning:

- Certainty → rules chahiye
- Ambiguity → uncertainty tolerate

💡 Example:

- India → ambiguity tolerate (traffic 😅)

🔁 Recap:

- Kuch cultures structured
- Kuch flexible

🔹 4. Time: Scarce vs Plentiful (page 43–46)

👉 Time Scarce:

- Time important
- Punctuality strict

👉 Time Plentiful:

- Time flexible
- Late hona common

💡 Example:

- Germany → strict time
- India → flexible

Ashish Maurya

🔁 Recap:

- Time perception culture pe depend karta hai

🎯 11. STRATEGIES FOR CROSS-CULTURAL ISSUES

(PDF page 51 diagram)

Options:

1. **Avoidance** → ignore
2. **Accommodation** → adjust
3. **Compromise** → middle solution
4. **Dominance** → apna force karna
5. **Synergy** → best combine (ideal)

💡 Example:

- Team conflict:
  - Dominance ❌
  - Synergy ✅

🔁 Recap:

- Best = synergy (win-win)

Ashish Maurya

🧾 FINAL SUMMARY

- Culture = beliefs + values + behavior
- Iceberg → visible + hidden parts
- Avoid:
  - Stereotyping
  - Ethnocentrism
  - Parochialism
- Learn:
  - Cultural intelligence
  - Adaptation stages
- Dimensions:
  - Individual vs Collective
  - Equal vs Unequal
  - Certainty vs Ambiguity
  - Time perception

🎯 Ek line me:

> “Different culture ko judge mat karo, samjho aur adapt karo.”

Test Yourself

Ashish Maurya

WEEK-7

WEEK-7

🧠 1. OVERVIEW (Ye topic kya hai?)

🔹 Topic:

Fiscal & Economic Sense = Paisa samajhne ki intelligence 💰

👉 Simple meaning:

- **Fiscal** = money, tax, government finance
- **Economic sense** = paisa ka smart use

👉 Basically:

> "Kaise earn karein, save karein, invest karein aur grow karein"

Ashish Maurya

🔥 Kyu important hai?

- Salary kamana easy hai, **wealth banana difficult hai**
- Wrong decisions → debt, stress
- Smart decisions → financial freedom

💡 Example:

- 2 log 50k earn karte hain
  - Person A: sab spend
  - Person B: invest
    👉 10 saal baad → huge difference

🔁 Recap:

- Ye topic = paisa manage karna
- Goal = financial freedom

💰 2. FIRST THINGS FIRST

(PDF page 2)

🔹 Priority kya honi chahiye?

1. Health
2. Wealth
3. Relationships

🔹 Wealth mantra:

- Cash inflow (income)
- Cash outflow (expenses)
- Investment
- Returns

Ashish Maurya

💡 Example:

Salary = ₹50,000

- Expense = ₹40,000
- Save/Invest = ₹10,000

🔁 Recap:

- Income – Expense = Saving
- Saving → Investment

🔄 3. CASH FLOW (Sabse important concept)

(PDF page 33)

👉 Meaning:

Kitna paisa aa raha hai vs kitna ja raha hai

🔹 Types:

- **Cash inflow** = salary, business
- **Cash outflow** = rent, food, EMI

💡 Example:

Ashish Maurya

- Income = ₹30,000
- Expense = ₹35,000 ❌
  👉 Problem (debt start)

🔁 Recap:

- Positive cash flow = good
- Negative = danger

📈 4. LIFE CYCLE & MONEY

(PDF page 20–21)

🔹 Life stages:

1. Education (no income)

2. Earning phase
3. Retirement

🔥 Important insight:

- Earning years reduce ho rahe hain
- Retirement years increase ho rahe hain

👉 Matlab:

Tumhe jaldi invest karna padega

💡 Example:

Aaj job 25–50 age
→ Retirement 30+ years

Ashish Maurya

🔁 Recap:

- Early start = important
- Late start = struggle

💥 5. POWER OF COMPOUNDING

(PDF page 7 & 22)

👉 Meaning:

Interest pe interest milna

🔥 Formula idea:

Money grows exponentially over time

💡 Example:

₹100 invest @10%

- Year 1 → 110
- Year 2 → 121
- Year 3 → 133

📌 Real insight:

Warren Buffett example (page 8):
👉 Wealth late age me explode hua (compounding)

🔁 Recap:

Achish Maurya

- Time + consistency = wealth
- Jaldi start karo

⚠️ 6. INFLATION (Silent Killer)

(PDF page 35–37)

👉 Meaning:

Prices badhte hain → money ki value kam hoti hai

💡 Example:

- Aaj ₹100 me pizza
- 5 saal baad ₹200

👉 Same money, less power

🔥 Important:

Savings ≠ Wealth (agar inflation beat nahi kiya)

🔁 Recap:

- Inflation paisa kha jata hai
- Invest karo warna loss

📊 7. RETURNS (ROI & CAGR)

(PDF page 38–39)

Ashish Maurya

🔹 ROI (Return on Investment)

👉 Formula:

ROI = (Profit / Investment) × 100

💡 Example:

Invest ₹1000 → return ₹1200
Profit = ₹200
ROI = 20%

🔹 CAGR (Compound Annual Growth Rate)

👉 Long-term average growth

🔁 **Recap:**

- ROI = simple return
- CAGR = real long-term growth

🏦 8. ASSETS vs LIABILITIES

(PDF page 52)

🔹 Assets:

Jo paisa banate hain

- Stocks
- Real estate (rent)
- Investments

Ashish Maurya

🔹 Liabilities:

Jo paisa lete hain

- Loan
- EMI
- Credit card

💡 **Example:**

- Car → liability
- Rental property → asset

🔁 **Recap:**

- Assets badhao
- Liabilities kam karo

📊 9. PERSONAL FINANCE PLAN

(PDF page 23)

🔹 9 Steps:

1. Save before spending
2. Emergency fund (3–6 months)
3. Term insurance
4. Health insurance
5. Diversification
6. Retirement planning
7. SIP investment
8. Tax planning
9. Track investments

💡 Example:

Ashish Maurya

Salary aayi → pehle save, baad me spend

🔁 Recap:

- Planning = must
- Random investing = loss

📈 10. ASSET ALLOCATION

(PDF page 24 & 32)

👉 Meaning:

Paisa alag-alag jagah invest karna

🔹 Options:

- Equity (high risk, high return)
- Debt (safe)
- Gold
- Real estate

💡 Example:

₹100 invest:

- ₹50 equity
- ₹30 debt
- ₹20 gold

🔁 Recap:

Ashish Maurya

- All eggs in one basket ❌
- Diversify ✔️

🧾 11. INCOME TAX BASICS

(PDF page 41–43)

👉 Meaning:

Government ko income ka tax dena

🔹 Sources:

1. Salary
2. Business

3. House property
4. Capital gains
5. Other sources

💡 **Example:**

Salary ₹10L → tax slab apply

🔁 **Recap:**

- Different income = different tax
- Planning important

⚖️ 12. GOOD vs BAD LIABILITIES

(PDF page 13)

Ashish Maurya

🔹 Good:

- Home loan
- Education

🔹 Bad:

- Credit card
- Personal loan

💡 **Example:**

- EMI for investment ✔️
- EMI for iPhone ❌

🔁 **Recap:**

- Har loan bura nahi hota
- Purpose important hai

⚠️ 13. COMMON MISTAKES

(PDF page 27)

❌ Avoid:

- Random investments
- Friends/relatives advice blindly
- Sales pitch
- Herd mentality
- Early loans

Ashish Maurya

💡 **Example:**

Bitcoin trend me invest → loss

🔁 **Recap:**

- Emotion ≠ investing
- Logic = important

📊 14. PERSONAL BALANCE SHEET

(PDF page 52–54)

👉 Formula:

Net Worth = Assets – Liabilities

💡 Example:

Assets = ₹10L
Liabilities = ₹4L
Net worth = ₹6L

🔁 Recap:

- Net worth track karo
- Growth check karo

🎯 FINAL SUMMARY

- Earn → Save → Invest → Grow
- Start early (compounding)
- Inflation se fight karo
- Diversify investments
- Assets build karo
- Liabilities control karo

Ashish Maurya

🧠 Ek line me:

> “Rich wo nahi jo zyada kamata hai, rich wo hai jo smart invest karta hai.”

🧠 1. OVERVIEW (Ye part kya hai?)

🔹 Topic:

Returns, Interest, IRR, XIRR, Tax-adjusted returns

👉 Simple meaning:

Week 7.1 me tumne basics sikhe (saving, investing)
👉 Week 7.2 me:

> "Investment ka actual return kaise measure karte hain?"

🔥 Kyu important?

- Har investment "profit" dikhata hai
- Par **real profit alag hota hai**

💡 Example:

- 50% return suna → acha lagta hai
- Par 10 saal me mila → actually low return

Ashish Maurya

🔁 Recap:

- Ye chapter = "Return ka sach"
- Numbers ko correctly samajhna

📊 2. TYPES OF RETURNS

(PDF page 7 diagram)

🔹 Types:

1. Nominal return
2. Effective return
3. Absolute return
4. CAGR (annual return)

5. Real return (inflation ke baad)
6. Tax-adjusted return
7. IRR / XIRR

🔁 Recap:

- Har return same nahi hota
- Context important hai

📈 3. ABSOLUTE RETURN

(PDF page 10)

👉 Meaning:

Total profit without time

Ashish Maurya

🔹 Formula:

(Final – Initial) / Initial × 100

💡 Example:

₹1000 → ₹1500
👉 Absolute return = 50%

⚠️ Problem:

Time consider nahi karta

🔁 Recap:

- Simple but misleading
- Time ignore karta hai

📊 4. CAGR (MOST IMPORTANT 🔥)

(PDF page 9 & 11)

👉 Meaning:

Per year average growth

💡 Example:

₹100 → ₹200 in 10 years

Ashish Maurya

- Absolute = 100%
- CAGR ≈ 7%

👉 Shock 😳

🔥 Insight:

Long-term decisions me CAGR use karo

🔁 Recap:

- CAGR = real performance
- Absolute = illusion

⚖️ 5. ABSOLUTE vs CAGR (TRAP)

(PDF page 13)

💡 Case:

House price:

- ₹25L → ₹1.25Cr (20 years)

👉 Absolute = 400% 😍
👉 CAGR ≈ 8% 😐

🔁 Recap:

- Big numbers = always good nahi
- CAGR check karo

Ashish Maurya

💸 6. EFFECTIVE RATE (Compounding effect)

(PDF page 8)

👉 Meaning:

Interest kitni baar lag raha hai

💡 Example:

8% yearly vs 8% monthly
👉 Monthly compounding = more return

🔁 **Recap:**

- Frequency matters
- Zyada compounding = zyada return

⚠️ 7. TAX-ADJUSTED RETURN

(PDF page 14)

👉 Meaning:

Tax ke baad actual return

🔹 Formula idea:

Return × (1 – tax rate)

Ashish Maurya

💡 **Example:**

Return = 10%
Tax = 30%
👉 Actual = 7%

🔁 **Recap:**

- Tax ignore mat karo
- Net return important hai

📉 8. REAL RETURN (Inflation ke baad)

(PDF page 15)

👉 Meaning:

Real profit after inflation

🔹 Formula idea:

(1+return)/(1+inflation) – 1

💡 Example:

Return = 12%
Inflation = 7%
👉 Real = ~5%

🔁 Recap:

Ashish Maurya

- Inflation adjust karo
- Tabhi real growth pata chalega

🔥 9. IRR (Internal Rate of Return)

(PDF page 16–17)

👉 Meaning:

Investment ka true return with multiple cash flows

💡 Example:

- Har saal ₹10,000 invest
- Different returns

👉 IRR sabko combine karta hai

🔥 Important:

- Used in SIP, business

🔁 Recap:

- Complex but powerful
- Multiple cash flows ke liye

🔥 10. XIRR (Advanced IRR)

(PDF page 20)

Ashish Maurya

👉 Meaning:

IRR but irregular time periods ke liye

💡 Example:

- Random dates pe invest
  👉 XIRR use karo

🔁 Recap:

- SIP irregular → XIRR
- Accurate measure

🧠 11. REAL CASE STUDIES (Important)

🔹 Page 4–5:

- Real estate returns
- High absolute return but lower CAGR

🔹 Insight:

Time = sabse bada factor

🔁 Recap:

- Long time ≠ high annual return
- CAGR check karo

Ashish Maurya

📱 12. TOOLS (Page 3)

Useful apps:

- Financial calculators
- SIP calculator
- Loan calculator

🔁 Recap:

- Tools use karo
- Guess mat karo

🎯 FINAL SUMMARY

- Absolute return = total profit
- CAGR = real yearly growth
- Effective return = compounding effect
- Tax-adjusted = after tax
- Real return = after inflation
- IRR/XIRR = advanced analysis

🧠 Ek line me:

> “Investment ka sach tabhi pata chalta hai jab tum CAGR, tax aur inflation sab consider karte ho.”

🔥 Next:

Test Yourself

Ashish Maurya

Week-8

WEEK-8

🧠 1. OVERVIEW (Ye topic kya hai?)

🔹 Topic:

Creativity = naye ideas sochne ki ability 💡

👉 Simple meaning:

(PDF page 2)

> "Bringing into existence something that did not exist before"

👉 Matlab:

- Kuch **naya create karna**
- Ya purani cheez ko **new way me use karna**

Ashish Maurya

🔥 Kyu important hai?

- Problems har jagah hain
- Same thinking → same result
- Creative thinking → better solutions

💡 Example:

- Normal: pen se likhna
- Creative: pen ko stand ya tool bana dena

🔁 Recap:

- Creativity = new ideas

- Problem solving me use hoti hai

🧩 2. PROBLEM vs SOLUTION

(PDF page 6–7)

🔹 Problem kya hota hai?

Jab kuch wrong ya missing ho

💡 Example:

- Phone battery jaldi khatam
  👉 Problem

Ashish Maurya

🔹 Solution kya hota hai?

Problem solve karne ka tareeka

💡 Example:

- Power bank use karna
  👉 Solution

🔥 Important:

- Most solutions copied hote hain
- Creative solution = extra thinking

🔁 Recap:

- Problem = issue
- Solution = fix
- Creativity = better solution

🚀 3. CREATIVITY JOURNEY

(PDF page 8)

👉 Important line:

> Creativity ek journey hai, end nahi hota

💡 Example:

- Ek idea mila → improve → next idea

🔁 Recap:

- Creativity continuous process hai

🔍 4. HOW TO FIND PROBLEMS

(PDF page 10–11)

🔹 Best tool = EMPATHY

👉 Meaning:

> Dusre ke perspective se sochna

Ashish Maurya

💡 Example:

- Old person ko stairs chadne me problem
  👉 Idea: lift / ramp

🔁 Recap:

- Empathy = problem find karne ka best way

🔄 5. PROCESS OF CREATIVITY (MOST IMPORTANT 🔥)

(PDF page 14 diagram)

🔹 Steps:

Ashish Maurya

1. Problem define karo
2. Information collect karo
3. Problem redefine karo
4. Ideas generate karo
5. Solution choose karo
6. Evaluate karo
7. Implement karo

💡 Example:

Problem: Heavy school bag

- Step 1: define → bag heavy hai
- Step 2: info → books zyada
- Step 3: redefine → weight reduce kaise kare
- Step 4: ideas → digital books
- Step 5: choose → tablet
- Step 6: check → feasible?
- Step 7: apply

🔁 **Recap:**

- Creativity = step-by-step process
- Random nahi hota

🛠️ 6. TOOLS FOR CREATIVITY

🔹 (A) Seeking Information (PDF page 16)

👉 Rule:

> "You cannot solve what you don't understand"

🔹 **Ways:**

Ashish Maurya

- Observe
- Listen
- Ask questions
- Research

💡 **Example:**

- Startup → pehle market research

🔁 **Recap:**

- Information = base

🔹 (B) IMAGINATION (PDF page 17–19)

👉 Meaning:

Mind me new scenarios banana

💡 Example:

- “Agar main bird hota?”
  👉 New ideas aate hain

🔁 Recap:

- Imagination = idea generator

🔹 (C) CURIOSITY (PDF page 20)

Ashish Maurya

👉 Meaning:

“Why?” puchne ki habit

🔥 Line:

Curiosity = fuel of learning

💡 Example:

- “Sky blue kyu hai?”

🔁 Recap:

- Questions → knowledge

🔹 (D) INTERSECTION (PDF page 24–27)

👉 Meaning:

Different fields combine karna

💡 Example:

- Biology + Engineering → bio-tech

🔥 Insight:

- Different ideas combine → new innovation

🔁 Recap:

- Mix ideas = creativity

Ashish Maurya

🧠 7. ATTITUDES FOR CREATIVITY

(PDF page 29)

🔹 Important attitudes:

- Try karne ki willingness
- Fail hone ki willingness
- Galat hone ki willingness
- Different perspective dekhna
- Iterate karna

💡 Example:

- Startup founders repeatedly try

🔁 **Recap:**

- Mindset important hai
- Fear creativity ko rokta hai

🌟 8. INSPIRATION

(PDF page 30–32)

🔹 Examples:

- Van Gogh
- Mahatma Gandhi
- Srinivasa Ramanujan

Ashish Maurya

💡 **Lesson:**

- Great log bhi alag sochte the

🔁 **Recap:**

- Inspiration lo, copy mat karo

🎯 FINAL SUMMARY

- Creativity = new thinking
- Problem → Solution → Innovation
- Process follow karo
- Tools use karo:
    - Empathy
    - Curiosity

    - Imagination
    - Intersection
- Right mindset = success

🧠 Ek line me:

> “Creative log problems ko opportunity me badal dete hain.”

[Test Yourself]

Ashish Maurya

Week-9

WEEK-9

🧠 1. OVERVIEW (Ye topic kya hai?)

🔹 Topic:

Growth Mindset = Soch ka upgrade 🚀

👉 Simple meaning:

Tumhari ability fix nahi hai — tum effort + learning se improve kar sakte ho

---

🔥 Kyu important?

Ashish Maurya

- Same talent hone ke baad bhi results alag hote hain
- Difference = **mindset**

💡 Example:

- Student A: “Mujhse maths nahi hoti” ❌
- Student B: “Practice karunga, improve ho jaunga” ✔️

👉 B wala success karega , A wala ke Lod* lagenge

🔁 Recap:

- Mindset decides success
- Growth mindset = improvement possible

⚖️ 2. FIXED vs GROWTH MINDSET

(PDF page 2)

🔹 Fixed Mindset:

- Challenges avoid karta hai
- Jaldi give up
- Effort ko useless maanta hai
- Feedback ignore karta hai

🔹 Growth Mindset:

- Challenges accept karta hai
- Fail hone ke baad bhi try karta hai
- Effort = learning ka path
- Feedback se improve karta hai

Ashish Maurya

💡 Example:

Exam me fail:

- Fixed: “Main dumb hoon” ❌
- Growth: “Next time better karunga” ✔️

🔁 Recap:

- Fixed = stuck
- Growth = improvement

🏢 3. GROWTH MINDSET AT WORK

(PDF page 3)

🔥 Research (Carol Dweck):

Growth mindset companies me:

- 47% more trust
- 34% more ownership
- 65% more risk-taking
- 49% more innovation

💡 Example:

- Growth mindset company → employees experiment karte hain
- Fixed mindset → log risk lene se darte hain

🔁 Recap:

- Growth mindset = innovation
- Fixed mindset = fear

Ashish Maurya

❌ 4. REJECTION & RESISTANCE

(PDF page 4)

👉 Meaning:

Life me “NO” milna normal hai

🔹 Types:

- External rejection → log mana kar dete hain
- Internal rejection → fear, self-doubt

💡 Example:

- Interview reject
- Tum sochte ho “Main capable nahi hoon”

🔁 Recap:

- Rejection normal hai
- Problem = tumhara reaction

🔄 5. TURN REJECTION INTO PERSISTENCE

(PDF page 6)

🔹 Steps:

Ashish Maurya

- Fail hone se daro mat
- “No” se seekho
- Questions pucho
- Improve karo

💡 Example:

Startup fail → next idea better

Can you guess one startup that never fails,, guess kroo

🔁 Recap:

- Failure = feedback
- Try again = growth

🧠 6. END NEGATIVE SELF-TALK

(PDF page 7)

👉 Problem:

Dimag me negative voice aati hai

🔹 ABRA Model:

A – Acknowledge (accept thoughts)
B – Breathe (calm down)
R – Release (negative chhodo)
A – Align (positive direction me jao)

💡 Example:

Ashish Maurya

"Main nahi kar paunga"
→ "Try karta hoon, seekh jaunga"

🔁 Recap:

- Negative thoughts control karo
- Mind ko train karo

💥 7. POWER OF FAILURE

(PDF page 8)

👉 Story:

Edison failed 1000 times 😳
But bola:

"1000 ways seekhe jo kaam nahi karte"

💡 Lesson:

Failure = learning

🔁 Recap:

- Fail ≠ end
- Fail = step

🌱 8. POSITIVE & ABUNDANCE MINDSET

(PDF page 9–10)

Ashish Maurya

👉 Meaning:

Opportunities unlimited hain

🔹 Practices:

- Positive thinking
- Gratitude (thankful rehna)
- Curiosity

💡 Example:

- "Mere paas kuch nahi hai" ❌
- "Jo hai usse grow karunga" ✔️

🔁 **Recap:**

- Abundance = opportunities
- Scarcity = fear

🔋 9. 4R FRAMEWORK (MOST IMPORTANT 🔥)

(PDF page 11–19)

🔹 1. ReCHARGE (Energy build karo)

- Sleep
- Exercise
- Meditation
- Hobbies

Ashish Maurya

💡 **Example:**

Thak gaye → break lo → better performance

🔁 **Recap:**

- Energy = productivity

🔹 2. ReSOURCE (Apni strength use karo)

- Skills
- Talents
- Experience
- Network

💡 Example:

Coding aati hai → use karo

🔁 Recap:

- Apni strength pe focus

🔹 3. ReFRAME (Soch badlo)

- Negative → positive
- Short-term → long-term

💡 Example:

Ashish Maurya

Problem → opportunity

E.g:- paani khtam ho gyi → start drinking wine

🔁 Recap:

- Perspective change = result change

🔹 4. ReFOCUS (Action lo)

- Clear goals
- Small steps
- Consistency

💡 Example:

Daily 1 hour study

🔁 **Recap:**

- Action = success

🎯 FINAL SUMMARY

- Growth mindset = improve ho sakte ho
- Failure = learning
- Rejection = normal
- Positive thinking = important
- 4R = success formula

🧠 Ek line me:

Ashish Maurya

> “Talent se nahi, mindset se success milta hai.(except BS waaloon ko)”

Test Yourself

Week- 10

WEEK-10

🔹 Topic:

Systems Thinking = “Big Picture me sochna” 🔍

🧠 1. OVERVIEW (Sabse pehle clear samajh lo)

🔹 Systems Thinking kya hai?

👉 Simple line:

> “Kisi bhi problem ko sirf ek angle se nahi, balki poore system ke saath samajhna”

🔥 Real samajh:

Ashish Maurya

Normally hum kya karte hain:

- Problem dekhi → turant solution de diya ❌

Systems thinking me:

- Problem dekho
- Uske aas-paas ke factors dekho
- Connections samjho
- Long-term effect socho

💡 Real-life Example:

Traffic jam 🚗

❌ Normal thinking:
“Road chhoti hai → road bada karo”

✔️ Systems thinking:

- Cars kyun badh rahi hain?
- Public transport kaisa hai?
- Office timing same hai kya?
- Fuel cheap hai kya?

👉 Tab solution:

- Metro improve
- Work from home
- Car pooling

🔁 **Recap:**

- Surface solution ≠ real solution
- Root + connections samjho

🧩 2. WHAT IS A SYSTEM? (Basic foundation)

Ashish Maurya

(PDF page 2–4)

🔹 Definition tod ke samjho:

System = interconnected elements + organized + purpose

🔹 Breakdown:

1. Elements (Parts)

👉 System ke components

Example:

- School → students, teachers, classrooms

---

2. Interconnections (Connections)

👉 Ye parts kaise interact karte hain

Example:

- Teacher → teach karta hai
- Student → learn karta hai

---

3. Purpose (Goal)

👉 System ka main kaam

Example:

- School ka purpose → education

💡 Full Example (Human body):

Ashish Maurya

- Elements → organs
- Connections → blood flow
- Purpose → survive

🔁 Recap:

- Sirf parts se system nahi banta
- Connection + purpose must hai

⚖️ 3. HEAP vs SYSTEM (Bahut important concept)

(PDF page 5)

🔹 Heap kya hota hai?

👉 Random collection (no connection)

Example:

- Sand ka pile

🔹 System kya hota hai?

👉 Organized + connected

Example:

- Same sand → cement → house

🔥 Insight:

Same elements → different result (depends on connections)

Ashish Maurya

🔁 Recap:

- Heap = random
- System = organized

🔄 4. SYSTEMS THINKING (Core concept)

(PDF page 6–7)

👉 Definition:

Holistic approach (poora system ek saath dekhna)

🔹 Ye kya karta hai?

- Problem deeply samjhata hai
- Root cause nikalta hai
- Better solution deta hai

💡 Example (Food delivery system):

- Restaurant
- App
- Delivery boy
- Customer

👉 Agar delay ho raha hai:

- Sirf delivery boy ko blame karna ❌
- System check karo ✔️

🔁 Recap:

- Single part blame mat karo
- Entire system dekho

Ashish Maurya

🧠 5. WHOLE ≠ SUM OF PARTS

(PDF page 8)

👉 Meaning:

System ka result sirf parts ka addition nahi hota

💡 Example:

Cricket team:

- Best 11 players ≠ best team
  👉 Coordination zaroori

🔥 Insight:

Interaction creates value

🔁 Recap:

- Coordination > individual performance

🌍 6. SYSTEMS VIEW (Game changer concept)

(PDF page 14–16)

👉 Core idea:

Ashish Maurya

"Everything is connected"

🔥 Deep samajh:

- Koi bhi cheez isolated nahi hoti
- Har action ka ripple effect hota hai

💡 Example:

Forest:

- Wolves remove → deer increase
- Deer → plants destroy
- Plants → ecosystem damage

🔥 Key line:

> “No problem exists in a silo”

🔁 Recap:

- Sab connected hai
- Ek change → multiple effects

🔍 7. BIG PICTURE THINKING

(PDF page 17–18)

👉 Meaning:

> Sirf current nahi, future bhi socho

Ashish Maurya

💡 Example:

Cheap shoes:

- Abhi sasta ✔️
- 3 months me kharab ❌

🔁 Recap:

- Short-term + long-term dono dekho

⏳ 8. CONSEQUENCES (Deep understanding)

(PDF page 19)

🔹 3 types:

1. Short-term

Immediate result

2. Long-term

Future impact

3. Unintended

Unexpected result

💡 Example:

Social media:

Achish Maurya

- Short → entertainment
- Long → distraction
- Unintended → addiction

🔁 Recap:

- Har action ke 3 layers hote hain

🔁 9. CHANGE OVER TIME

(PDF page 22–23)

👉 Meaning:

System time ke saath evolve hota hai

💡 Example:

Rainwater harvesting:

- Pehle effective
- Ab population ↑ → issues

🔥 Insight:

Old solutions ≠ future solutions

🔁 Recap:

- System dynamic hota hai

Ashish Maurya

🔄 10. FEEDBACK LOOPS (Circular thinking)

(PDF page 27)

👉 Meaning:

Cause → effect → fir cause ban jata hai

💡 Example:

Confidence loop:

- Success → confidence ↑
- Confidence → more success

🔁 Recap:

- Systems circular hote hain
- Linear thinking galat hai

⏱️ 11. TIME DELAY

(PDF page 29)

👉 Meaning:

Result late aata hai

💡 Example:

- Gym → months baad result

Ashish Maurya

🔥 Problem:

Log patience lose kar dete hain

🔁 Recap:

- Delay samjho
- Jaldi judge mat karo

📊 12. ACCUMULATION (Stock & Flow)

(PDF page 30)

👉 Meaning:

Chhoti chhoti cheezein accumulate hoti hain

💡 Example:

- Daily ₹100 save → big amount

🔁 Recap:

- Small actions → big impact

⚠️ 13. AVOID QUICK CONCLUSIONS

(PDF page 31)

Ashish Maurya

👉 Meaning:

Jaldi decision mat lo

💡 Example:

1 failure → “main weak hoon” ❌

🔁 Recap:

- Complete data dekho

🎯 14. LEVERAGE POINTS (MOST POWERFUL 🔥)

(PDF page 32)

👉 Meaning:

Chhota change → bada impact

💡 Example:

- Traffic rule strict → accidents ↓

🔥 Insight:

Smart work > hard work

Ashish Maurya

🔁 Recap:

- Right point pe change karo

🔗 15. STRUCTURE → BEHAVIOUR

(PDF page 37)

👉 Meaning:

System ka design uska behaviour decide karta hai

💡 Example:

- School strict → discipline

🔁 **Recap:**

- Structure change = result change

🧠 FINAL SUMMARY (Clear kar lo sab)

- System = parts + connections + purpose
- Everything is connected
- Big picture dekho
- Short + long-term socho
- Feedback loops samjho
- Delay accept karo
- Smart small changes karo

Ashish Maurya

🧠 Ek solid line:

> “Agar tum system samajh gaye, to problem automatically solve ho jaati hai.”

Test Yourself

WEEK-11

WEEK-11

🧠 1. OVERVIEW (Sabse pehle clear samajh lo)

🔹 Engineering Sense kya hai?

👉 Simple line:

> “Real-world problems ko logically, practically aur efficiently solve karne ki thinking”

🔥 Deep samajh:

Engineer ka kaam sirf machine banana nahi hota
👉 Wo sochta hai:

Ashish Maurya

- Kaise kaam karega?
- Kitna cost lagega?
- Efficient hai ya nahi?
- Improve kaise karein?

💡 Example:

Fan banate time:

- Sirf hawa dena nahi
- Kam electricity use kare
- Noise kam ho
- Long lasting ho

👉 Ye hai **engineering sense**

🔁 Recap:

- Smart + practical thinking
- Real-life problem solving

🧩 2. PLANNING (Foundation concept)

(PDF page 2)

👉 Meaning:

Kaam karne se pehle sochna (what, how, when, who)

🔹 Breakdown:

- Kya kaam karna hai
- Kaise karna hai
- Kab karna hai
- Kaun karega

Ashish Maurya

🔥 Deep idea:

“Think before you act”(what we didn’t before taking BS degree)

💡 Example:

Trip plan:

- Budget
- Time
- Route

Without planning → chaos 😵

🔁 Recap:

- Planning = direction
- Without planning = confusion

📊 3. APPROXIMATION & ESTIMATION

(PDF page 3)

👉 Meaning:

- **Approximation** = rough guess
- **Estimation** = calculated guess

🔥 Why important?

Ashish Maurya

- Har baar exact value possible nahi
- Quick decision lena hota hai

💡 Example:

- Distance ≈ 10 km (approximation)
- Fuel needed ≈ 1 litre (estimation)

🔥 Insight:

Engineers perfect nahi, practical hote hain

🔁 Recap:

- Rough idea → decision fast

🔍 4. TECHNICAL AUDITING

(PDF page 4)

👉 Meaning:

Check karna ki system sahi kaam kar raha hai ya nahi

🔹 Simple words:

- Verification
- Rules follow ho rahe hain ya nahi

💡 Example:

Ashish Maurya

Factory:

- Machine properly kaam kar rahi hai?
- Safety rules follow ho rahe hain?

🔥 Deep concept:

Natural laws check:

- Energy conserve ho rahi hai?
- Loss kaha ho raha hai?

🔁 Recap:

- Audit = checking system health

⚙️ 5. APPLYING PRINCIPLES

(PDF page 5)

👉 Meaning:

Jo seekha hai use real life me apply karna

💡 Example:

Physics:

- Tension Force in ropes → hang on ceiling fan

🔥 Insight:

Knowledge ka value tab hai jab use karo

Ashish Maurya

🔁 Recap:

- Theory + application = engineering

🔄 6. CAUSE & EFFECT (VERY IMPORTANT 🔥)

(PDF page 6)

👉 Meaning:

- Cause = reason
- Effect = result

🔥 Deep idea:

Surface problem nahi, root cause find karo

💡 Example:

Bike start nahi ho rahi:

- Fuel?
- Battery?
- Engine?

🔥 Tool:

“WHY” baar-baar pucho

Ashish Maurya

🔁 Recap:

- Root cause = real solution

📈 7. MAKING THINGS BETTER

(PDF page 7)

👉 Meaning:

Improvement kabhi rukta nahi

🔹 Concepts:

- Continuous improvement
- Innovation

💡 Example:

Mobile:

- Old keypad → touchscreen → AI

🔁 Recap:

- Always improve
- First version final nahi hota

🎯 8. UNDERSTANDING CURRENT PERSPECTIVE

Ashish Maurya

(PDF page 8)

👉 Meaning:

Situation samajhna before acting

💡 Example:

- Same strategy har jagah kaam nahi karegi

🔥 Insight:

Context matters

🔁 **Recap:**

- Situation ke hisaab se decision lo

🌍 9. BIG PICTURE THINKING

(PDF page 9)

👉 Meaning:

Broader view lena

💡 **Example:**

Business:

- Sirf profit nahi
- Customer + environment + future

Achich Maurya

🔁 **Recap:**

- Narrow thinking = problem
- Big picture = better solution

⚖️ 10. ABSTRACTION vs DETAILING

(PDF page 10)

🔹 Abstraction:

👉 General idea dekhna

🔹 Detailing:

👉 Specific implementation

💡 Example:

Car:

- Abstraction → transport system
- Detail → engine, tyres

🔁 Recap:

- Dono important hain

🧩 11. DIVIDE & CONQUER

Ashish Maurya

(PDF page 11)

👉 Meaning:

Big problem → small parts me tod do

💡 Example:

Exam prep:

- Subject → chapters → topics

🔥 Advantage:

- Easy

- Focus
- Teamwork

🔁 **Recap:**

- Break → solve easily

🏷️ 12. TAXONOMY

(PDF page 12)

👉 Meaning:

Classification / naming

Ashish Maurya

💡 **Example:**

- Lever → class 1, 2, 3

🔁 **Recap:**

- Naming → understanding easy

📏 13. UNITS & DIMENSIONS

(PDF page 13)

👉 Meaning:

Measurement ka system

💡 Example:

- Distance → meter
- Weight → kg

🔥 Insight:

Numbers tabhi meaningful hain jab units ho

🔁 Recap:

- Units = clarity

🔗 14. ASSOCIATIVE UNDERSTANDING

(PDF page 14)

👉 Meaning:

Ek cheez ko dusri se relate karna

💡 Example:

- Water flow ≈ electricity flow

🔁 Recap:

- Connection = understanding

🧪 15. CRUDE EXPERIMENTATION

(PDF page 15)

👉 Meaning:

Simple test karke idea check karna

💡 Example:

- Prototype bana ke test

🔁 Recap:

- Try → learn → improve

Ashish Maurya

🧠 16. EXTRA HABITS (Page 16)

🔹 Important:

- Benchmarking
- Simplification
- Cost analysis
- Tools use
- Documentation

🔁 Recap:

- Smart engineer = organized thinker

🎯 FINAL SUMMARY

- Think before act (planning)
- Estimate smartly
- Root cause find karo
- Improve continuously
- Big picture dekho
- Break problems
- Apply knowledge
- Test and learn

🧠 Ek solid line:

> “Engineering sense = smart thinking + practical execution + continuous improvement”

[Test Yourself]

Ashish Maurya

WEEK-12

WEEK-12

🧠 1. OVERVIEW (Sabse pehle clear samajh lo)

🔹 Topic:

Stress Management + Energy + Time Management

👉 Simple meaning:

> “Kaise apni life ko balanced, productive aur stress-free banayein”

🔥 Deep idea:

Ashish Maurya

- Stress = problem nahi
- **Unmanaged stress = problem**

👉 Is chapter ka focus:

- Stress ko control karna
- Energy ko manage karna
- Time ko efficiently use karna

💡 Example:

2 students:

- A: 10 ghante padh raha hai (burnout 😵)
- B: 6 ghante smart padh raha hai (focused 😎)

👉 B better perform karega

🔁 Recap:

- Hard work ≠ smart work
- Balance zaroori hai

😵 2. WHAT IS STRESS?

(Page 2)

👉 Definition (simple):

Jab system apne natural balance se hat jata hai → stress

🔥 Deep samajh:

- Human body = system
- Mind + body + environment connected

Mohit Maurya

👉 Stress 2 type ka hota hai:

- Internal (andar se)
- External (bahar se)

💡 Example:

- Exam pressure → external
- Overthinking → internal

🔁 Recap:

- Stress = imbalance
- Andar + bahar dono se aata hai

⚙️ 3. HOW TO MANAGE STRESS?

(Page 3 diagram)

🔹 3 pillars:

1. Manage Energy
2. Manage Time
3. Build Rituals

👉 Simple:

Time nahi, energy manage karo 🔥

🔁 Recap:

- Stress control = 3 pillars
- Energy sabse important

Ashish Maurya

🔋 4. MANAGE ENERGY (MOST IMPORTANT 🔥)

(Page 4–5)

👉 Meaning:

Apni physical + mental energy ko control karna

🔹 Ways (page 5 images):

- Sleep 😴
- Exercise 🏃

- Meditation 🧘
- Breathing 🌬️
- Good food 🍎
- Gratitude 🙏
- Journaling 📖

👉 Ye sab tumhari **battery charge karte hain**

🔁 Recap:

- Energy low = stress high
- Energy high = performance high

⏰ 5. CIRCADIAN RHYTHM (Deep concept)

(Page 6)

Ashish Maurya

👉 Meaning:

Body ka natural clock (day-night cycle)

🔥 Deep samajh:

- Body automatically programmed hai
- Sone, jagne, energy sab fixed pattern me

💡 Example:

- Raat me jagna → next day tired

⚠️ Problem:

- Rhythm disturb → disease + stress

🔁 Recap:

- Body clock follow karo
- Nature ke against mat jao

🧠 6. JOURNALING & REFLECTION

(Page 7)

👉 Meaning:

Apne thoughts likhna aur reflect karna

Ashish Maurya

🔥 Benefits:

- Mind clear hota hai
- Decision better hota hai
- Focus increase

💡 Example:

- Daily likho: “Aaj kya seekha?”

🔁 Recap:

- Write → clarity
- Clarity → better life

🧘 7. MEDITATION (Brain control 🔥)

(Page 8–9)

👉 Meaning:

Mind ko calm aur control karna

🔥 Brain effects:

- Stress reduce
- Focus increase
- Emotion control

💡 Example:

Ashish Maurya

5–10 min breathing meditation

🔁 Recap:

- Meditation = mind gym
- Daily practice important

🙏 8. GRATITUDE (Powerful habit)

(Page 10)

👉 Meaning:

Jo hai uske liye thankful rehna

🔥 Shift:

- Lack → abundance thinking

💡 Example:

- “Mere paas kuch nahi hai” ❌
- “Mere paas bahut kuch hai” ✔️

🔁 Recap:

- Gratitude = positivity
- Negativity kam hoti hai

Achish Maurya

😴 9. SLEEP (Super important)

(Page 11)

👉 Meaning:

Body repair mode

🔥 Deep:

- Brain memory store karta hai
- Body repair hoti hai

💡 Example:

Late night scrolling → next day low energy

🔁 **Recap:**

- Sleep = recovery
- Ignore → burnout

🌬️ 10. BREATHING

(Page 12)

👉 Meaning:

Proper breathing = energy boost

🔥 Benefits:

Ashish Maurya

- Oxygen ↑
- Stress ↓
- Mind calm

💡 **Example:**

Deep breathing 5 min

🔁 **Recap:**

- Breath control = mind control

🍎 11. FOOD / NUTRITION

(Page 13)

👉 Meaning:

Body ka fuel

🔥 Rules:

- Fresh food
- Junk avoid
- Time pe khana

💡 Example:

- Junk → lazy
- Healthy → active

Ashish Maurya

🔁 Recap:

- Food = energy source

🏃 12. EXERCISE

(Page 14)

👉 Meaning:

Body movement

🔥 Benefits:

- Mood improve
- Energy increase
- Brain strong

💡 Example:

Daily walk

🔁 Recap:

- Movement = life

❤️ 13. KINDNESS / GIVING

(Page 15)

Ashish Maurya

👉 Meaning:

Dusron ki help karna

🔥 Effect:

- Happy hormones release
- Stress reduce

💡 Example:

Kisi ko help karna

🔁 Recap:

- Giving = happiness

⏳ 14. TIME MANAGEMENT (Second pillar)

(Page 16–17)

👉 Concept:

Time ko control nahi kar sakte, use manage kar sakte ho

🔥 6 P’s MODEL (MOST IMPORTANT)

(Page 17)

Ashish Maurya

🔹 1. Big Picture

👉 Life goals clear karo

🔹 2. Prepare

👉 Plan banao

🔹 3. Prioritize

👉 Important kaam pehle

🔹 4. Plan

👉 Tasks schedule karo

🔹 5. Be Productive

👉 Focus + no distraction

🔹 6. Perform

👉 Action lo + results

💡 Example:

Exam prep:

Ashish Maurya

- Goal → syllabus
- Plan → timetable
- Action → study

🔁 Recap:

- Planning + execution = success

🎯 FINAL SUMMARY

- Stress = imbalance
- Energy manage karo
- Sleep + food + exercise important
- Meditation + gratitude = mind control
- Time management = 6P model
- Smart life = balanced life

🧠 Ek solid line:

> “Stress tab control hota hai jab tum energy, habits aur time ko control kar lete

Test Yourself

Ashish Maurya

ET Paper

ET Sept 25 Tem (FN Shift) (only MCQ)
